To Whom It May Concern:

As the Director of Operations for the Food & Wine Classic in Aspen, one of my duties is to procure and contract all of the vendors who provide assistance in making the event a success. One such vendor is Mountain Waste & Recycling. (MWR). MWR not only provides us with the assistance to succeed but excels in reliability and customer service. The attention to detail and on site dedication brought forth by the MWR team is second to none in the Roaring Fork Valley. In my 17 years of involvement with the F&W Classic, only a handful of vendors have given me the complete confidence and peace of mind that Jeremy and the MWR team provide. I would recommend them to anyone, who has the same high standards that we demand and requires all from a service provider that I have stated above.

Please feel free to contact me with any questions regarding MWR. My contact information is below.

Sincerely,

Michael Morgan  
Director of Operations  
Food & Wine Magazine Classic in Aspen
